DMA After-School Parent Options

Device Management Application (DMA) software is installed in students' PLDs to provide a safer digital learning environment, and to prevent misuse of the device. Parents/guardians can choose between these 3 options to suit their preferences for managing the PLDs <u>after school hours</u>.

	DEFAULT*	OPTION A* Modify DMA settings	OPTION B* Disable DMA settings
FILTERING OF <u>WEB</u> CONTENT	MOE / School sets the level of filtering	Parent can apply additional filters	No content filtering
CONTROL OF APPLICATIONS	Parent cannot install additional applications	Parent can request to install additional applications[1]	Parent can install additional applications[2]
LIMITS TO SCREEN TIME	School sets limits for screen time	Parent can modify limits for screen time and choose option for sleep hours	No limits to screen time. Sleep hours not enforced
MONITORING OF <u>CYBER</u> ACTIVITIES	Parent cannot monitor child's browser history	Parent can monitor child's browser history via Lightspeed Parent Portal	Parent cannot monitor child's browser history

💡 Opting for the Default DMA setting for after-school use is the best option for parents who prefer not to or do not feel ready to manage their child's device use on their own.

What's Next?

- School will inform parents about how to exercise their DMA after-school option.
- Parents can request to change their DMA option subsequently.

Full information on the options available on the school's website.
[1]*Applications requested to be installed by parents/guardians will be accessible during and after school hours.*
[2]*Applications installed by parents/guardians and/or students after school hours will be disabled during school hours.*
